

Innovation in Waterproof Solution

Hall 9.0, Booth A69D

Amphenol LTW at Light + Building 2014 in Frankfurt, Germany

Amphenol LTW (ALTW) would like to invite you to visit us at Hall 9.0, Booth A69D to experience innovative solutions for energy-efficient technologies and investigate the latest in connectivity solutions.

Light + Building 2014

30 March - 04 April, 2014

Frankfurt, Germany

Hall 9.0, Booth A69D

As a pioneer in engineered interconnects, ALTW has the right products and solutions for your LED applications. ALTW's wide array of products is your answer for incorporating LED Lighting and providing them the paramount advantages, such as long life and minimal maintenance, in both indoor and harsh outdoor environments. Our Intelligent Pre-Cabling System (IPCS) and SSL connector solutions not only satisfy your needs for electrical wiring and cabling infrastructure, but also save your installation time and cost. Stop by our booth to meet with our industry experts and find suitable products and solutions. We provide you peace of mind, quality workmanship and no power drop which is crucial to LED Lighting Quality.

Join us from 30th March to 4th April to network with ALTW and one of our many experts at the show. Please feel free to contact us if you are interested in ALTW and want to know about us further. It will be our pleasure to make a special appointment for you in advance.
